

Disability Discrimination Policy

Policy statement for Multi Trades Training Limited (MTT)

1. Introduction

The Disability Equality Duty requires MTT to have due regard to the need to:

- Promote equality of opportunity between disabled students and other people
- Eliminate discrimination that is unlawful under the Equality Act 2010
- Eliminate harassment of disabled students that is related to their disability
- Promote positive attitudes towards disabled students
- Take steps to meet the needs of disabled students, even if this needs more favourable treatment

2. The Policy

2.1

MTT seeks to proactively promote equality of opportunity between people with disabilities/difficulties and other people in all its functions.

It pays due regard to the Equality Act and acts within the law to ensure equality of opportunity.

Centre policies and procedures are upheld to ensure that disabled people receive equal opportunity relevant to their particular situation.

2.2

The Equality Act defines a disabled person as someone who has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities. The definition includes a wide range of impairments such as dyslexia, autism, speech and language impairments and Attention Deficit Hyperactivity Disorder.

The Centre will ensure that its attitude is conducive to disclosure, and will ensure students feel comfortable about acknowledging an impairment or health condition.

Any information will be used sensitively and confidentially and used to improve opportunities/outcomes for them.

In the event of evacuation of any building, tutors will personally allocate themselves to ensure disabled persons in their classes are helped to the meeting point.

3. Implementation

On a continual basis, the Centre will analyse:

- Whether there are areas of the curriculum to which disabled students have limited or no access.
- Whether there are parts of the Centre to which disabled students have limited or no access.
- Whether different forms of communication are made available to enable disabled students to express their views and hear the views of others. This enables the Centre to make judgements about the significance of its policy, and helps determine where the Centre needs to set priorities.

4. General Duty

4.1

MTT aims to promote greater engagement of students so that we can identify further areas to promote equality of opportunity. Students with a disability/ difficulty will be actively involved in the continuous review and development of this policy by being encouraged to give their comments and suggestions.

4.2

The Centre recognises that bullying is more likely towards disabled students and MTT staff will carefully monitor the personal well-being of disabled students.

4.3

Positive attitudes to disability will be promoted whenever possible, ensuring staff and other learners have respectful attitudes to learners with disabilities/ difficulties.

5. Complaints of Discrimination

- MTT will treat seriously all complaints of unlawful disability discrimination on any forbidden grounds made by employees, students or other third parties and will take action where appropriate.
- All complaints will be investigated in accordance with the organisation's grievance or complaints procedure, and the complainant will be informed of the outcome in line with these procedures. We will also monitor the number and outcomes of complaints of disability discrimination made by staff, students, and other third parties.

6. Monitoring

6.1

MTT will monitor and record equal opportunities information about learners with disabilities/difficulties on the basis of their individual need.

6.2

We will store disability information as confidential personal data and restrict access to this information under GDPR regulation. Disability information will be used exclusively for the purposes of equal opportunities monitoring and will have no bearing on opportunities or benefits.
